Workshop 2018

"Fair Play and Equal Chances at Higher Education Institutions. Diverse Perspectives from Germany, Georgia, Moldova and Ukraine"

July 9-18, 2018

Program as of May 3, 2018

The workshop is dedicated to young academics and practitioners in education from Germany, Georgia, Moldova and Ukraine. Twenty participants will be funded (5 from each country). The goal of the workshop is developing a set of guidelines on corruption prevention for higher education institutions. The workshop, funded by the German Academic Exchange Service (DAAD), will take place in Brussels (Belgium) and Essen (Germany) from 09.07.2018 to 18.07.2018.

The workshop will consist of two parts:

- I.** Visit to European Institutions that set standards in good governance, higher education and research, such as the European Research Council and the European Anti-Fraud Office.
- II.** Workshop in Essen, where the participants will process the obtained information in working groups as well as gain additional insight from researchers on corruption in higher education. As a result, the participants will develop recommendations (*code of conduct*) for higher education institutions on how to establish a level “playing field” across all phases of higher education.
